Chief, Headquarters Engineering Branch,
RECD/OL

SUBJECT: Power Outage - 5 April 1981

1. In order to install and connect two of the new generators in the Headquarters power system, it will be necessary to curtail electrical service to the entire Headquarters complex on Sunday, 5 April 1981.

2. Work will begin at 0800 hours. At that time, elevators throughout the building will be taken out of service. All work should be completed by 1600 hours. While the work is underway, there will be a number of outages of varying duration which will result in all lights and convenience outlets being out of service. The following areas/services will not be affected:

- a. Signal Center
- b. ODP Computer Center
- c. Security Duty Office
- d. DCI Suite
- e. 7F33 Operations Center

3. It is requested that personnel within your component who plan to be in the Headquarters Building on 5 April 1981 be notified of this work. Particular care should be exercised at those times when lighting is off. Activities such as data processing which require continuous power should be rescheduled. Should you have any questions regarding this work, please contact Headquarters Engineering Branch (HEB) on extension [REDACTED]
